Brussels Sprout Plants			24-36"	14-24"	2/1-3/1	8/20-11/20
Cabbage Plants			24-36"	14-24"	2/1-3/1	8/20-11/20
Carrot	1/2 oz.	1/2"	14-24"	2"	2/1-3/15	8/20-10/20
Cauliflower Plants			24-36"	14-24"	2/1-3/1	8/20-11/20
Chard	2 oz.	1"	18-30"	6"	2/1-3/15	8/15-10/1
Collards	1/4 oz.	1/2"	18-36"	8-16"	2/1-3/15	8/15-10/15
Corn	1/4 lb.	1-2"	24-36"	12-18"	3/20-6/15	8/1-9/1
Cucumber	1/2 oz.	1/2"	48-72"	24-48"	3/20-6/15	8/1-8/20
Eggplant Seed	1/8 oz.	1/2"	24-36"	18-24"	4/1-5/1	5/1-8/1
Eggplant Plants			24-36"	18-24"	4/1-6/15	6/15-8/1
Kohlrabi	1/4 oz.	1/2"	14-24"	4-6"	2/1-3/15	8/1-9/1
Lettuce	1/4 oz.	1/2"	14-24"	2-3"	2/1-3/15	8/20-10/20
Melon	1/2 oz.	1"	60-96"	24-36"	3/20-5/1	5/1-8/1
Mustard	1/4 oz.	1/2"	14-24"	6-12"	2/1-3/15	8/1-9/1
Okra	2 oz.	1"	36-42"	24"	4/1-6/15	7/15-8/15
Onion Plants		1-2"	14-24"	2-3"	1/15-2/15	
Peas, English	1 lb.	2-3"	18-36"	1"	2/1-3/1	8/1-9/1
Peas, Black-Eyed	1/2 lb.	2-3"	18-36"	4-6"	4/1-6/15	7/1-8/15
Pepper Seed	1/8 oz.	1/2"	24-36"	18-24"	3/20-6/15	
Pepper Plants			24-36"	18-24"	3/20-6/15	6/15-8/1
Potato	6-10lb.	4"	30-36"	10-14"	2/1-3/1	
Pumpkin	1/2 oz.	1-2"	60-96"	36-48"	3/20-5/1	7/1-8/15
Radish	1 oz.	1/2"	14-24"	1"	2/1-5/1	8/20-11/1
Spinach	1 oz.	1/2"	14-24"	3-4"	2/1-3/15	8/20-10/15
Squash, Summer	1 oz.	1-2"	36-60"	18-36"	3/20-6/15	8/1-9/1
Squash, Winter	1/2 oz.	1-2"	60-96"	24-48"	3/20-6/15	7/1-8/15
Sweet Potato Slips				18-36"	4/15-5/15	
Tomato Plants			24-48"	18-36"	2/25-4/1	6/25-7/25
Turnip	1/2 oz.	1/2"	14-24"	2-3"	2/1-3/15	8/20-10/15
Watermelon	1 oz.	1/2"	72-96"	36-72"	3/20-6/15	6/15-8/1

TOMATOES

Redenta's Tomato & Pepper Food & Garrett Juice Pro

- Apply to plants every 1-2 weeks
- Promotes growth and fruit production before heat of summer
- Provide a minimum of one inch of water weekly. Newly planted seeds and transplants will need more to get started, especially during our hot summers.
- Keep beds weed free.
- Veggies love food. Compost, composted cattle manure, earthworm castings, **Redenta's Tomato & Pepper Food**, alfalfa meal, cottonseed meal and **Garrett Juice Pro** are all good vegetable fertilizers.
- Healthy plants with adequate water and lots of nutrients are better prepared to resist insect pests.
- Do not use toxic chemicals on your vegetables!
- Use **Serenade** to prevent fungal diseases.
- Ladybugs will eat aphids, Bt will take care of caterpillars and **Sluggo Plus** will rid your garden of slugs, snails, cutworms, sowbugs and pillbugs.

4' X 4' RAISED BED

- 6 bags Soil Mender Soil Mix
- 4 bags Redenta's Raised Bed Mix
- 1 small bag (25 sq. ft) of Redenta's Bed Prep
- 6 lbs Soil Mender Composted Cow Manure
- Mulch: 3" deep (2 bags)

VEGGIE GUIDE

Nothing tastes better than produce freshly harvested. A great way to experience that is to grow your own. Here are some tips to help you be successful . . .

- Plant in a location with at least 6 to 8 hours of sun. Vegetables can have their own spot, or be planted in an existing bed.
- Make sure there is good drainage; vegetables do not like to sit in soggy soil.
- Add organic matter to the soil. Our native soils range from sticky clay to sand. Compost, earthworm castings, dry molasses, composted cattle manure and fertilizers are a must. Our Planting Guide will help you with general bed preparation.
- Raised beds are perfect for vegetable gardening. Fill with Redenta's Raised Bed Mix.
- Check the Veggie Planting Guide for guidelines on what and when to plant. Texas weather is so unpredictable that you can experiment. Tomatoes have the narrowest window as they will not produce in extreme heat. Fall and early spring planting times can be extended with the use of frost cloth.
- Choose plants wisely, depending on your space and time - in other words, do not overplant!
- Vegetables can be grown in containers.
- Some plants grow best from seed, some from transplants. Plants such as carrots, radishes, lettuces and beans can be seeded weekly or biweekly for several weeks to give you more crops.
- Allow proper spacing between plants. Choose your style. Do you want climbers or bushes? You will need to make that choice with such veggies as peas, beans, squash and cucumbers.
